<b>Minus Power Polycarbonate</b>			

This is an example of how you might keep your inventory for single vision, finished, uncut lenses.

Just think of each column in the table above as a tray filled with pairs of lenses in the powers shown.

You just received your lens order and need to restock.

Match the following Rx with the correct placement in the tray:

<p>-2.25 – 0.50 _____</p> <p>-2.25 _____</p> <p>-1.00 -0.75 _____</p> <p>-4.00 -0.75 _____</p> <p>-3.75 -0.25 _____</p>	
---	--

Answer key is in the lesson
