Anti-Reflective Coatings		
TKO or DES	23.00	TKO - Factory scratch coat w/ Standard Hydro (1 yr warranty)
TKO or DES PLUS	33.00	PLUS - Factory scratch coat w/ Super Hydro & EdgeProtect Powder coat (1 yr warranty)
TKO or DES TUFF	36.00	TUFF - B4 Scratch coat with Standard Hydro (2 yr warranty)
TKO or DES ULTRA	46.00	Ultra - B4 Scratch coat with Super Hydro & EdgeProtect Powder coat (2 yr warranty)
UVARITY	46.00	ICE - Incredibly Clear Eyewear - Laramy-K's signature premium AR
ICE (clear AR)	46.00	
B4 THERMAL HARD COAT	18.00	UVARITY - "AR with a purpose." Most of the newer lens materials block the "passage" of UV, but not the "reflected" UV and HEV from the backside of the lens. UVARITY addresses this. Not recommended on CR39. DES - Reflects 20% high energy blue light emitted from compact and hand held electronic devices. Available in all AR levels. (comparable to Recharge/Preveencia) Our version has UVARITY on the back side.
Flash Mirrors (Blue, Silver, Gold)		
Flash Mirror TKO	31.00	
Flash Mirror Plus	36.00	
Flash Mirror Tuff	46.00	
Flash Mirror Ultra	57.00	
LKO Flash Mirrors include backside AR		
IMPORTANT NOTICE: Mirror Coatings are recommended for medium to darkly tinted lenses. The application of Mirror Coatings to clear, photochromic or lightly tinted lenses results in increased reflections towards the eye and may not be suitable for certain activities (e.g. night driving). Please advise your customer.		

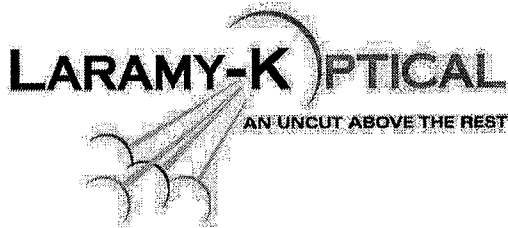

Scratch Coating	
Factory Coat Front	6.76
Spin Coat Back	4.00
